

## Valeo Climfill-Easy

R134a

## Valeo Climfill-Pro

The Climfill® Easy refill station automatically manages all operations on the A/C system including recovery, recycling, oil injection and weighing of the refrigerant.

Light and compact it can be easily moved around the working area.

Recommended for: ■ A/C business new comers

The Climfill-Pro offers outstanding and long-lasting charging performance and also benefits from the eco- patented couplers that prevent loss of refrigerant and air from entering the vessel tank.

Can be converted to HFO 1234yf using the conversion kit (710217)

Recommended for: ■ A/C specialists
